TO WHOM IT MAY CONCERN

I am writing in full support of the project for a swimming pool on the site of Sir Robert Hitcham School in Debenham.

I am a leader of a very popular Brownie pack in Debenham who meet on a Tuesday evening at the village Community Centre. We have for the last few years been at full capacity of 36 girls who I know would benefit considerably from having a swimming pool near to our meeting place. The pool would give us the opportunity to have swimming sessions in our programme and also invite other Brownie packs from the district to enjoy the swimming pool with us, this is really important to us in a rural community to make new friends.

Debenham Brownies and their leaders know that this project will benefit not only them but the whole community and surrounding villages, we wish the team of volunteers every success in their future fundraising.

Yours sincerely

Jane Brunning
