Dear Chair,

I am writing to give the support of Helmingham Primary School to your project to create a swimming pool for community use in Debenham.

The creation of such a facility will have many benefits. These include a local facility that will enable schools in the area to provide the swimming entitlement, as in the national curriculum, year round. Currently schools lose learning time because of travelling to other pools in the area.

This amenity will also reflect the Olympic 2012 legacy and the current agenda to support and promote sport in schools.

Our school is part of a community who will also benefit from a year round swimming pool facility that will be accessible for all groups of people at a reasonable cost.

You have our full support for this project and we look forward to its completion.

Yours sincerely,

B Cleland
